

THE SCHOOL DISTRICT OF PHILADELPHIA

Parkway Northwest **School-Parent Compact**

School Year 2022-2023

Revision Date:
05/04/2022

Dear Parent/Guardian,

JOINTLY DEVELOPED

The parents, students and staff of Parkway N.W. High School partner together to develop the school compact for achievement. Teachers suggested home learning strategies, updated gradebooks, and implemented new supports with technology in the classroom. Parents added input about the types of supports they needed, desired improvements with communication, and a focus on college and career readiness. Students communicated to staff what would assist them in the learning process and their desire to be involved in school-level decision making.

Parents were encouraged to attend annual revision meetings held in the fall each year to review the Compact and made suggestions based on student needs and school improvement goals. This year, the parent input meeting was held in Spring 2022. In addition, we have held numerous meetings as part of the Comprehensive School Improvement process during the Spring of 2022. Parents were also encouraged to participate in the School Family Engagement survey that was also used as a tool to collect parent feedback regarding the current Title I programs, policies, and family engagement.

To understand how working together can benefit your child, it is first important to understand the district's and school's goals for student academic achievement.
